

Your Quickstart Guide to Children's University!

Welcome to Children's University!

Here is some information about what you can do from your dashboard and some ideas to get you started towards your first certificate!

First off, when you log in you'll see your Children's University Dashboard. Here's a guide to what it all does!

Learn about...

- Recording an activity
- Your Learning Log
- Your hours
- Your badges
- Your categories
- Your skills

The screenshot shows the Children's University dashboard for a user named Henry. At the top, there's a navigation bar with links: [Your Learning Log](#), [Your categories](#), [Your skills](#), [Your awards](#), [Get help](#), [Find an activity](#), and [Logout](#).

Hi Henry!
Welcome to your Children's University dashboard. Here you can record any activities you've done and find new ones to do! You can watch your interests and skills grow as you earn certificates and badges. Any questions, just head to the help button!

Need help?
If you have a question you can find answers in our FAQs.

Your Quickstart Guide to Children's University!

Record an activity

This is where you can add Children's University Stamps. You can quickly add activities to your learning log. You can also add more information about activities you've done and get hours recognised towards your next certificate!

Record an activity

Click here to add an activity to your Learning Log. You can submit a stamp code if you have one or tell us about a new activity you've done.

Record an activity

Your Learning Log

This is where you can see all the activities you've done. You can see Stamps you've added, as well as any activities you've done yourself. If you've quickly added some, you can go here and tell us more about the activities to get hours recognised towards your next certificate!

Indoor Rock Climbing

Your Quickstart Guide to Children's University!

Your hours

Keep track on 'Your hours' and see how close you are to your next certificate. To see our award structure, you can view 'Your awards' in the top menu.

Your badges

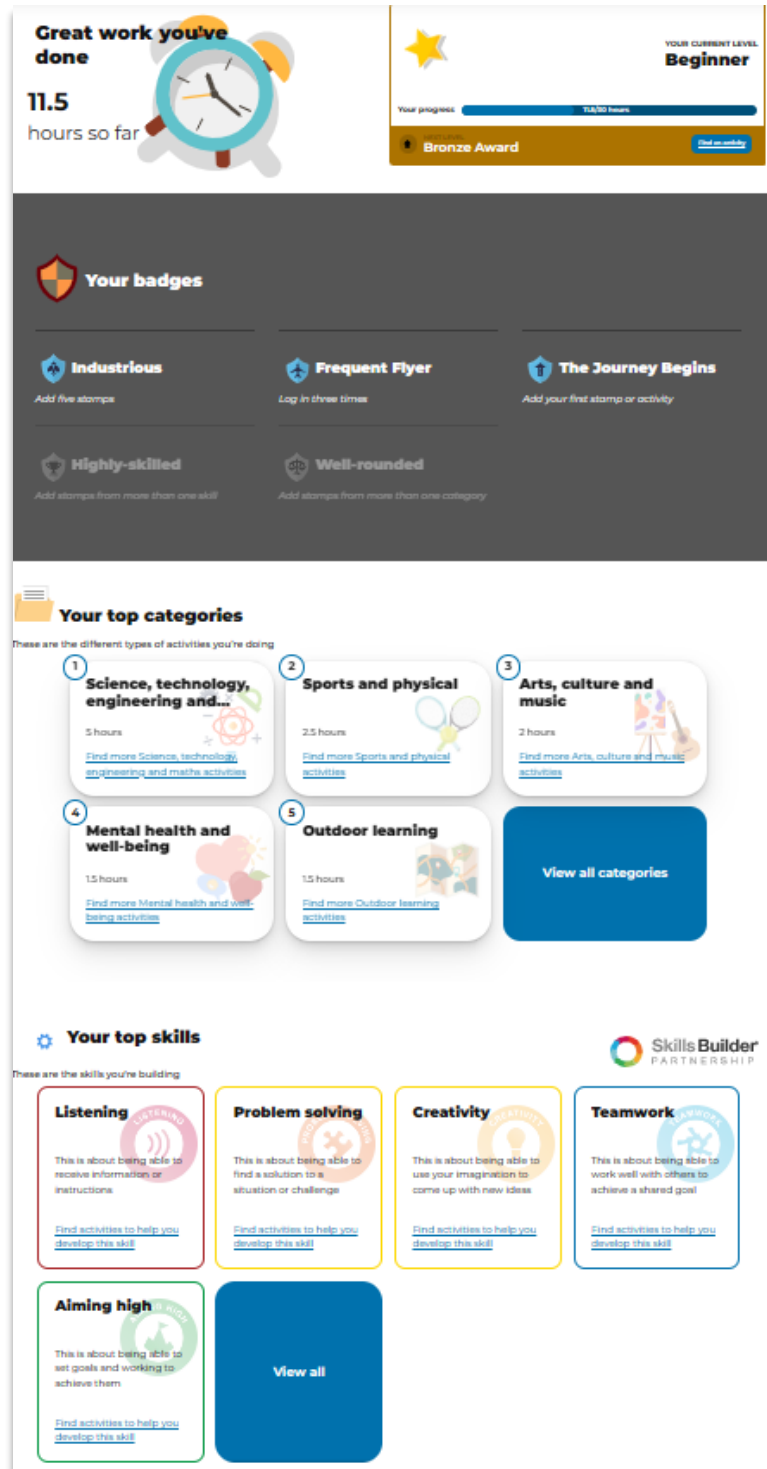

As well as certificates, you can earn badges by doing more activities. See how many you can get!

Your categories

You can watch your interests build by seeing how the activities you do fall into different categories.

Your skills

Watch your skills develop and learn about the essential skills you'll be using by taking part.

Ready? Four ideas to get started right away!

1. Add your first stamp!

Try out the dashboard by adding your first Stamp. Here you go – add **red1422** and you'll be rewarded for working through the Quickstart Guide! If you do any other Children's University activities you'll be given stamp codes like this.

2. Quickly add an activity to your Learning Log

You can add anything to your Learning Log just with a title and a very brief description. Think about something you've done recently that you don't want to forget.

3. Record an activity you want to get a Children's University stamp for

You can add anything to your Learning Log with just a brief title and a description. However, this won't add any hours towards your next Children's University certificate. You can add an activity and tell us a lot more about it to get a Stamp for this. Tell us what you did, where you did it, and think about the skills you used.

4. Find a new activity

At the top of your dashboard you can click to 'Find an activity'. Click here to access our search and look through over 6,000 activities. Find something to do online, or maybe somewhere near you.

Good luck!
